Jayesh Shivaji Sutar

Immediate Joiner | 8552072777 | jayeshsutar1108@gmail.com | GitHub: Jayesh2124 | LinkedIn Link

Summary

Results-driven Software Engineer with **2.5+ years of experience** in designing, developing, and **optimizing full-stack applications using C#, .NET (Core & MVC), Angular, and SQL**. Proven expertise in improving system performance, automating processes, and implementing secure, scalable solutions. Strong background in **Agile methodologies and cross-functional collaboration.**

Experience

RBIS Technology Private Limited | Software Developer | July 2023 – Present

- Developed full-stack web applications using **Angular, React, TypeScript, ASP.NET Core (C#), .NET Framework (MVC), and SQL**, improving system performance and user experience.
- Optimized data processing, **reducing response time by 70%-80%** and enhancing user efficiency.
- Implemented **secure APIs** following **VAAT analysis** and developed **.NET Microservices** for seamless data synchronization.
- Applied Agile methodologies via **JIRA**, enhancing project planning, sprint execution, and delivery timelines by **90%.**
- Automated **report generation in Word and PDF**, reducing manual effort by **40%.**
- Enhanced scheduling accuracy, minimizing conflicts and manual efforts by **40%-50%**.
- Designed and developed cost analysis features, improving financial insights and tracking by **70%**.
- Collaborated with cross-functional teams on **Azure DevOps** for **deployment**, **integration**, and performance optimization.

RBIS Technology Private Limited | Software Developer Intern | Dec 2022 – Present

- Gained hands-on experience with **Angular**, **.NET Core**, and **SQL Server** while working on a contract management project.
- Provided frontend support using **Angular**, **Bootstrap**, **CSS**, and **Angular Material**, ensuring a seamless user experience by resolving UI/UX issues.

Skills

- **Frontend Development**: Angular, HTML, CSS, SCSS, Tailwind, Bootstrap, Javascript(ES6+), Typescript, React
- **UI Libraries and Framework**: Angular Material, Tailwind CSs, Chart Js,Kendo UI, RxJS
- **Backend Development:** Node.js, ASP.NET (MVC, WPF), .NET Core 6+, C#, Golang, python
- **Database:** SQL Server (Stored Procedures, Triggers, Views), MongoDB (NoSQL)
- **Tools & Technologies:** Git, GitHub, Visual Studio Code, Jira, Postman, IIS Deployment
- **Development Practices:** OOP, SOLID Principles, RESTful APIs, CI/CD Pipelines, Docker
- **Cloud & DevOps:** Azure, IIS, AWS(Basic)

Projects

Forex Treasury Management System
- **Used Technology : Angular**, **TypeScript**, **.NET Web API (C#)**, **SQL. ORM = Dapper and Entity Framework**
- **Developed** a comprehensive treasury management solution for efficient documentation, report management, and transaction processing. using (DAPPER and Entity Framework)
- **Designed and implemented** secure APIs following **VAAT (Vulnerability Assessment and Threat) analysis**, ensuring robust system security. **Optimized** system performance, achieving a **70% reduction in response time**, and automated reporting processes to enhance user efficiency.
- **Built .NET Microservices** to enable seamless data synchronization with **SAP**, enhancing data integrity and system integration.

Case Management System
- **Used Technology: .NET Framework 4.8 MVC, Kendo UI, Jquery, AWS. ORM = NPOCO,**
- Enhanced an **MVC-based case management system**, improving usability, scheduling accuracy, and reporting.
- Automated report generation in **Word (OpenXML) and PDF (iText) formats**, reducing manual effort by 40%.
- Built cost analysis features, providing financial insights and improving expense tracking efficiency by 70%.
- Collaborated with cross-functional teams on **Azure DevOps** for smooth deployment and performance optimization.

Treasury Center
- **Used Technology : Angular 17, Angular Material** and **Tailwind CSS, MongoDB, .NET WebAPI)**
- Developed an expense management platform allowing users to maintain expense sheets, set budgets for categories, and analyze financial data through dynamic reports.Enabled users to enter transactions, set category-specific budgets, and compare actual expenses with estimated budgets.

Academics/Education

Master of Computer Application (MCA)	**Dec 2021 – Jun2023**
School of Computer Science North Maharashtra University, Jalgaon	**CGPA: 8.46**

Achievements/Certificate

- **Awarded "Employee of the Year - 2024"** at RBIS Technology Pvt. Ltd.
- **Solved 50+ SQL problems on LeetCode, enhancing database query optimization and problem-solving skills.**
- **C# and MongoDB Integration Certificate – MongoDB, Inc.**
